

WPA Global Institutional Audit

v1.0-CORRECTED-4E

Summary PDF — Selected Sections

This summary PDF presents selected sections from the WPA Global Institutional Audit v1.0-CORRECTED-4E.

Status: Pre-publication candidate / internal review. Not final public benchmark until source and visual verification are completed.

Generated: 2026-05-29

„Преговарањето е опционално. Протоколот е апсолутен.”

"Negotiation is optional. Protocol is absolute."

1. Dataset Statistics

Metric	Value
Total records	160
External records	159
Unique external institutions	155
Cross-listed records	8
Cross-listed unique institutions	4
Countries represented	51
Records with founding year	156/159

2. Protocol Relevance Distribution

Level	Count	Description
A (Core)	30	28 standard + 2 cooperation-model
B (High)	108	Significant protocol relevance
C (Medium)	22	Moderate protocol relevance
D (Low)	0	Minimal protocol relevance

3. Group Taxonomy

Group	Name	Count	Status
A	Protocol & Diplomacy Core	25	Active
B	Diplomatic Academies	25	Active
C	Communication & Media	25	Active
D	Security & Intelligence	25	Active
E	—	0	Reserved
F	—	0	Reserved
G	Etiquette & Hospitality	25	Active
H	Leadership & Executive	29	Active
I	Cross-Cutting & Regional	5	Active
R	Reference & Index	0	Reserved
WPA	WPA Reference Entry	1	Reference

4. Cross-Listed Institutions

Four institutions appear in multiple groups with different programmatic focuses:

Canonical ID	Institution	Appearances
Georgetown_University	Georgetown University	C002, H026
Sciences_Po	Sciences Po	C003, H027
USC_Marshall_Annenberg	University of Southern California	C001, H028
NYU_Stern_Tisch	New York University	C013, H029

5. Cooperation-Model Observations

Two records document reported cooperation models, not verified institutional entities:

- **A005 — Protocol School of Washington / INAAR Saudi Arabia**

Reported cooperation model. Included as methodological observation only.

- **B008 — Saudi Arabia MOFA / Protocol School of Washington**

Reported cooperation model. Included as methodological observation only.

Methodological Note: These records are included as observations only. They must not be interpreted as verified institutional entities. Subject to formal verification.

6. Level A Protocol Relevance Segmentation

- **Standard Level A records: 28**

Standard institution records with Level A relevance.

- **Cooperation-model observations: 2**

A005 and B008. Included as methodological observations only.

- **Total Level A records: 30**

Combined total across all groups.

7. Limitations and Disclaimers

1. All 159 external records — Verification pending (source verification not completed)
2. Source fields — Largely unpopulated
3. Groups E, F — Reserved, unpopulated
4. Website URLs — Not individually verified
5. DOCX/PDF — Require visual verification before public release
6. No primary research — Dataset compiled from secondary sources
7. Cooperation-model records (A005, B008) — Methodological observations only
8. Temporal staticity — May 2026 snapshot
9. Cross-listed institutions — Appear in multiple groups; counted once in unique canonical count

8. QA Status

30/32 automated checks PASS; 2 checks remain PENDING — MANUAL visual verification for DOCX/PDF.

Manual checks required:

- Q: PDF Unicode/Cyrillic rendering — Open PDF and verify Cyrillic characters display correctly
- R: DOCX formatting — Open DOCX and verify table formatting, page breaks, styles
